

This last year being on the Do Not Call list has been absolutely wonderful!! It is so nice not to have to play 20 empty or automated messages on an answering machine or to be interrupted while trying to eat dinner.

Please do not allow bankers to open the flood gates to other business by allowing them to pester me day and night, day after day with their annoying ploys and tactics. There is a reason there are over a million Wisconsin residents on the DNC list...we don't want to be contacted!!

I am all for my state's legislatures making it even MORE difficult for these companies by including cell phones on this list.
